Letter of Appreciation

Reg : GRAAC24TR03

I am delighted to express my sincere appreciation for **Mr. Abhiram Doddha**, a standout member of the Advanced Academic Center (AAC) under my deanship. In his role as a student trainer at AAC, Abhiram consistently demonstrated exceptional qualities. His innate curiosity, intuitive teaching style and engaging approach made him one of our most accomplished trainers, creating an optimal learning environment.

Throughout his journey at AAC, Abhiram successfully completed several impactful projects, showcasing his analytical acumen and innovative thinking. Beyond his own projects, he also took on the role of a mentor, guiding peers with dedication, patience, and enthusiasm, further enriching the learning experience within AAC. What distinguished Abhiram was not just his expertise but also his eagerness to seek feedback and embrace new opportunities. Serving as a core committee member for three years, he showcased remarkable dedication to AAC's growth, resilience and a positive outlook while mentoring and developing others.

Additionally, he was nominated as the Lead of Training and Development at AAC for the academic year 2023–2024. In this role, he spearheaded initiatives to enhance student skills, providing valuable training sessions that empowered them for academic and professional success. His down-to-earth demeanor and optimistic attitude contributed significantly to AAC's positive atmosphere. I am confident that his commitment to academic excellence and life skills will lead him to boundless personal and professional growth in academics and industry.

I extend my heartfelt gratitude for Mr. Abhiram Doddha's invaluable contributions to AAC. For any further inquiries, please contact me at dean_aac@griet.ac.in.

Dr. M Kiran Kumar

Dean, AAC,

Associate Professor, Department of Computer Science & Engineering (Data Science),
Gokaraju Rangaraju Institute of Engineering and Technology,
Hyderabad - 500090, Telangana, India.
